

Nicab Optimal, Insulating box

Nicab Optimal is an insulating box for the FlowControl ballvalvser Nicab Compact & Nicab DUE. The box protects the valve from ice and prevents problems with condensation.

Art. Nr	Benämning	DN	L (mm)	B (mm)	H (mm)
45200015	Insulating box 2-way valve	15	70	60	80
45200020	Insulating box 2-way valve	20	80	70	90
45200025	Insulating box 2-way valve	25	100	80	95
45200032	Insulating box 2-way valve	32	120	95	110
45200040	Insulating box 2-way valve	40	130	105	125
45300015	Insulating box 3-way valve	15	75	60	95
45300020	Insulating box 3-way valve	20	80	70	105
45300025	Insulating box 3-way valve	25	90	80	120
45300032	Insulating box 3-way valve	32	120	100	140
45300040	Insulating box 3-way valve	40	135	100	130

Technical data

Thermal conductivity	-0 °C = 0,038 W/mK -23 °C = 0,042 W/mK	Fire class	B1 & B2 DIN 4102
Temp. range		Material	Trocellen CFC free
Max	+ 90 °C		
Min	- 20 °C
